HEATING  COOLING  WATER HEATING

SAVE OVER \$4,000¹

With the advanced technology of the all-new **Rheem® Prestige™ Series Hybrid Heat Pump Water Heater**

The new degree of comfort.™

UNMATCHED PERFORMANCE & ENERGY SAVINGS

ULTRA-DURABLE DESIGN

ON-THE-GO CONTROL

The Rheem® *Prestige*™ Hybrid Heat Pump Water Heater outperforms the competition, delivering more hot water;² more dependably while saving you over \$4,000 in energy costs over its lifetime.¹

ENERGY EFFICIENCY

Exceeding the latest national and ENERGY STAR® efficiency requirements, the Hybrid provides a 61% reduction in energy use¹

POWERFUL HOT WATER DELIVERY

Delivers 73 gallons of hot water in the first hour; more than other water heaters^{1,2}

FAST HOT WATER RECOVERY

Uses the most powerful compressor in its class to heat water and replenish hot water more quickly^{1,2}

EASY INSTALLATION

Compact and accessible, it transports horizontally and installs as easily as a standard electric water heater³

50-Gallon	80-Gallon
Height: 61"	Height: 74.25"
Width: 22.25"	Width: 24.25"
Hot Water Recovery: 26 GPH*	Hot Water Recovery: 26 GPH*
First Hour Delivery: 73 GPH*	First Hour Delivery: 86 GPH*

SUITABLE FOR A WIDE VARIETY OF CLIMATES

Operates in ambient temperatures ranging from 37°–120°F

CONTROLS DESIGNED TO FIT ALL LIFESTYLES

Four versatile operating modes, plus a vacation setting, allow you to save energy and money while away⁴

EFFICIENT HEAT TRANSFER TECHNOLOGY

Draws ambient heat from the air to heat water more efficiently, reducing your water heating energy use by 61%¹

WATER SENSOR

Self-monitoring system alerts you via your EcoNet™ control center and free mobile app if water is detected outside the water heater—helping you avoid potentially costly damage⁵

Built with more durable parts throughout and backed by the industry's best-in-class, 12-year warranty², Rheem® *Prestige*™ Series Hybrid Heat Pump Water Heaters are designed for peace-of-mind.

BEST-IN-CLASS WARRANTY

Comes with the longest warranty² in its class—a 12-year tank and parts warranty (vs. competitor's 10-year)

STRONGER PARTS FOR LONGER PERFORMANCE

Durable stainless steel elements, premium anode rod and enhanced flow brass drain valve extend the life of the water heater

BUILT-IN PROTECTION

Side inlet/outlet water connections better protect heat pump parts and electronic controls from potential water damage (vs. the competitor's top-of-unit connections)

Prestige™ Series Hybrid Heat Pump Water Heaters are EcoNet Enabled, giving you control over your Rheem® air and water systems—so you can customize comfort, maximize energy savings and receive important system alerts both at home and away.
